Advanced Alloy Wheel Repairs
we invite you to see why this is

Are you missing out on the best wheel repairs in Melbourne for classic and vintage cars?

Advanced Classic
ALLOY WHEEL REPAIRS

Your classic is irreplaceable - take it to a standard repairer and you could risk damage, ending its original status or having to up-rate it to a later design - spoiling the look.

Keep your classic in original condition to drive and enjoy

Advanced Alloy Wheel Repairs are Melbourne's leading wheel repair and refurbishment facility. With 15 years of industry knowledge and countless automotive experiences, your classic's wheels will get the best attention available.

Advanced Alloy Wheel Repairs services include veteran motorsport wheel advice, colour coding, re-rolling buckled wheels, and fully restoring damaged rims back to their former glory.

Join the other car clubs and concours show car enthusiasts

Don't risk your classic - take it to the preferred experts where your wheels will get the treatment they deserve.

Book now to avoid delays.

Advanced
ALLOY WHEEL REPAIRS

3 Melburn Road Moorabbin VIC 3189
Telephone 03 9555 1333 or 03 9555 6893
Email repairs@advancedalloys.com.au www.advancedalloys.com.au

Advanced Alloy Wheel Repairs would like to be the **FIRST** Authorised Wheel Repairer to introduce...

"The Lathe"
CNC
New lathe machine

Done of the days where superficial scratches or marks would deem machine finished wheels unrepairable.

Our new addition is capable of repairing all diamond cut, milled and machined finished wheels back to their factory finish at a fraction of their recommended retail price.

Player Profile Capabilities

- Machining up to 22" wheels • Deep dish edges
- CNC high gloss polish • Blurring out centres
- Cosmetic repairs on motorbike rims

For any further information or enquiries please do not hesitate to give Alex, Tom or Lorenna at Advanced Alloy a call.

Chrome Shadow Specialists

We pride ourselves on being the specialists when it comes to chrome shadow paint.

Our procedure's, technique's and dedicated spray booth will ensure the best and most timely result when it comes to this difficult paint process.

We will be closed from the
21/12/2012
and will re-open on the
7/01/2013

The whole team at Advanced Alloy wishes you and your family a Merry Christmas and happy and successful new year. We look forward to seeing you all again in 2013!
